2101 Coliseum Boulevard East
Fort Wayne, Indiana 46805
November 1, 1989

Dear Dr. Harvey:

I want to thank you for presenting at the conference "Nursing Creativity and Research: The Agenda for the 90's" at Indiana University Purdue University. It was a pleasure to meet you and have you participate in our first annual research symposium.

The evaluations for the entire conference were very good. There were many positive comments from the participants concerning your presentations. Some of the comments received were "I could listen to Dr. Harvey all day", "keynote speaker excellent", "enjoyed the participation and creativeness", and you were listed as what was liked most about this program numerous times.

I hope that you enjoyed the day as much as I enjoyed having you join us. I have sent your itemized expenses for transportation and speaking to Continuing Education and hopefully you will soon receive the reimbursement. I hope that we might meet again soon and best wishes in your future research endeavors.

Sincerely,

Linda Meyer, RN, BSN, MA
